2018/19 PRODUCTS

PUMPS

CHOOSING YOUR PUMP

Crommelins has a large range of pumps to meet all your pumping needs. From small portable pumps, fire fighting pumps, large capacity pumps to pumps for on-site construction and heavy duty pumping work.

STANDARD FEATURES

- Construction grade quality
- Low maintenance and long engine life
- Assembled and tested in Australia

PUMP TERMS

- **Total Head** - The total height in meters liquid can be pumped to
- **Max. Suction** - The maximum depth liquid can be sucked at below the level of the pump
- **Trash** - Allows pumping in muddy/sandy water and will also pump solids
- **Clean Water** - For clear water pumping only.
Poly - For pumping waste water, chemicals, sea water, etc.
- **Self Priming** - Requires no water for subsequent pumping operation once initial pumping is done, and the pumping capacity is large.

CUSTOMISE YOUR PUMP

Crommelins can customise pumps to suit your needs.

OPTIONAL EXTRAS

- Long range fuel tank
- Mine specification
- Electric start
- Roll frame
- Fire extinguisher
- Safety stop
- Custom colouring

PRE-SEASON PUMP MAINTENANCE.

Before the bushfire season arrives or when you need to use your pump, it is wise to check your pump unit to make sure it is ready for service.

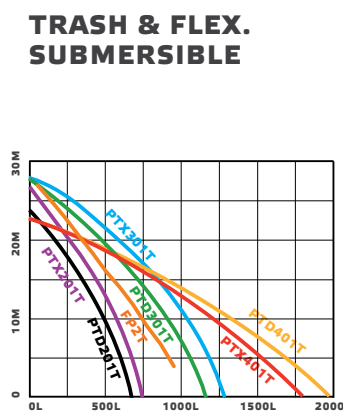

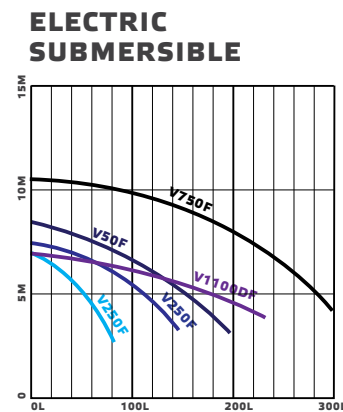

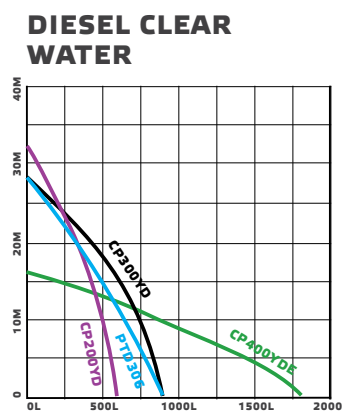

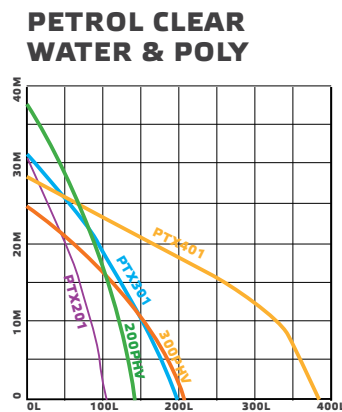

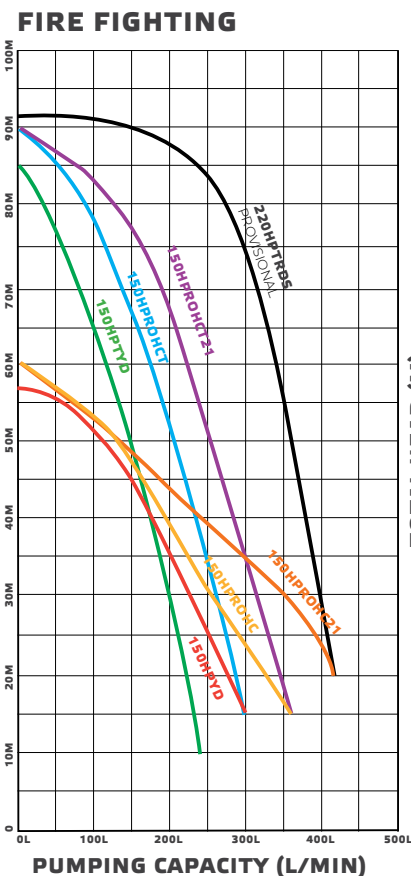

MAINTENANCE TIPS*

1. If not already done (at end of season) change the engine oil.
2. Drain any fuel left in the tank and fill with fresh petrol. Loosen the fuel bowl retaining bolt on carburettor and allow fresh fuel to flush through. Tighten the bolt.
3. Remove spark plug and put a couple of squirts or pour a little engine oil in the cylinder. Pull motor over three or four times. Remove plug and rinse in petrol and replace.
4. Fill pump unit with water and start pump in normal fashion. The engine can be run for 1-2 minutes without connecting to water tank as long as the pump is full of water.

If the motor does not start or run properly (lack of compression/blocked carburettor) it will be necessary to have the unit checked by your local service agent.

*Note: Service should be done in a workshop (clean area), not an open field.

PUMP CURVES

CROMMELINS PETROL FIRE FIGHTING PUMPS.

These Fire Fighting pumps are known for their reliability, durability and versatility. They are ideal for fire fighting, water transfer, washing down farm machinery and many other jobs that require water at pressure. They come in either single or twin impeller.

STANDARD FEATURES

- 1 ½" Inlet (40mm)
- 1 ½" Outlet and 2 x 1" Outlet
- Cast aluminium impeller
- Bolt on replaceable suction port
- Cast iron diffuser increases pump life
- Cast aluminium pump body
- Metal (not plastic) delivery outlet caps
- 2 Years manufacturer's warranty
- Assembled and tested in Australia

IDEAL FOR

- Fire fighting
- Water transfer
- Washing down farm machinery
- Agriculture and farms
- Shires and councils

OPTIONAL EXTRAS

- Electric start
- Trolley kit
- Honda powered
- 2" Inlet / Outlets
- Hose kits available
- Viton seals

CROMMELINS PETROL CLEAR WATER PUMPS.

These are ideal for general purpose pumping, for transfer of large volumes of water such as from a dam to a water tank. They are also popular on water trucks for spray bars and tree watering operations.

STANDARD FEATURES

- Genuine Robin engine
- Direct coupled pump ensures efficient, economical operation
- Self-priming pump requires no water for subsequent pumping operation once initial pumping is done and the pumping capacity is large
- Water-resisting qualities with mechanical seal made of ceramic-carbon and the impellers made of cast iron
- Cast alluminium impeller and inner casing
- 2 Years manufacturer's warranty

IDEAL FOR

- Hire and rental
- General purpose ater transfer
- Agricultural

OPTIONAL EXTRAS

- Electric start with AGM battery

CROMTECH PETROL CLEAR WATER PUMPS.

**MODELS COMING
IN 2019**

1" PORTABLE PUMP

This 4-stroke, compact, lightweight pump is for water transferring to dams, water tanks and more.

STANDARD FEATURES

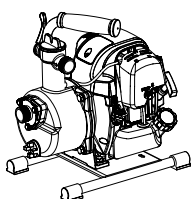

- 25mm inlet and outlet
- Mechanical seal (ceramic carbon)
- Petrol powered
- Recoil start
- Transport handle
- Light weight
- 1 Year Cromtech warranty

IDEAL FOR

- Water transfer
- Emptying ponds, dams and large water tanks
- Agricultural and general purpose

ACCESSORIES

- 5m Suction hose included
- Tool kit
- Plastic funnel
- Hose-tails and strainer

CROMMELINS POLY PUMPS.

The Crommelins Poly Pumps are durable and reliable pumps for applications where chemicals, waste water, salt water and mild caustic liquids have to be pumped. Constructed of corrosion-resistant materials it comes with 316 stainless steel fasteners throughout and viton seals.

STANDARD FEATURES

- Viton seals for pumping chemical liquids
- Corrosion resistant poly pump
- Heavy duty roll frame
- 2 Years manufacturer's warranty
- Assembled and tested in Australia

IDEAL FOR

- Chemicals and mild caustic liquids
- Waste water
- Salt water
- Flexi and fertiliser

OPTIONAL EXTRAS

- Genuine Robin industrial engine
- Electric start with AGM battery
- Yanmar diesel powered

CROMMELINS PETROL TRASH PUMPS.

Trash pumps handle larger solids and debris for heavy-duty de-watering applications. A trash pump uses deep impeller vanes with a large volute and pumps water containing suspended sticks, stones & debris without clogging or harming pump components.

STANDARD FEATURES

- Genuine Robin/Honda petrol engine
- Self-priming with no water required after initial priming is done.
- Silicon-carbon mechanical seal
- Cast iron impeller and inner casing
- Quick clean-out suction port provides easy maintenance and long service life.
- 2 Years manufacturer's warranty
- Assembled and tested in Australia

IDEAL FOR

- Rental and hire
- General purpose de-watering
- Construction job site
- Agricultural

OPTIONAL EXTRAS

- Electric start with AGM battery
- Honda powered

CROMTECH SUBMERSIBLE PUMPS.

Constructed with stainless steel and cast iron, there is a pump to suit most applications. These pumps are ideal for pumping grey and clean water out of water tanks, pools, ponds, sewage and flooded areas.

OPTIONAL EXTRAS

- Available without float switch (except 750F)
- Hose kits available

STANDARD FEATURES

- Float switch (F) automatically turns pump on/off
- High quality bearing, seals
- Stainless motor shaft
- Single phase electric motor
- Overload protection
- 7m rope to lower/lift pump
- 10m long power cord
- Vortex impeller

IDEAL FOR

- Pools and ponds
- Flooded areas
- Sewage
- Dewatering

CROMTECH SUBMERSIBLE PUDDLE PUMP.

When you have those nuisance puddles or flooding on site and conventional pumps don't drain low enough, the Cromtech Puddle Pump is the answer. This pump will operate on most surfaces down to 1mm leaving the bare minimum of water.

STANDARD FEATURES

- Adjustable discharge outlet
- Operates on most surfaces
- Drains down to 1mm water level
- Single phase electric motor
- Overload protection
- 10m long power cord
- Vortex impeller

IDEAL FOR

- Rental and hire
- General purpose de-watering
- Construction sites
- Slabs and footings
- Agriculture
- Pools and ponds
- Flooded areas
- Versatile for all industries

CROMMELINS FLEXIBLE SUB. PUMPS.

These 50mm pumps are heavy duty and designed to handle the toughest of jobs. The submersible pump attaches to the drive units for rapid removal of water containing solids in footings, manholes, tanks, drainage, emptying pools, waste transfer and much more.

STANDARD FEATURES

- Cast Iron or aluminium pump casing
- Wide suction passages to allow debris (up to 25mm) to pass through
- Can allow fluids containing up to 60% solids
- Quick action flexshaft coupling with 3 dog drive
- Includes adaptor for cam lock/discharge hose
- 6m length
- Rope included to lift the pump in/out of holes
- Movable spiral section to prevent kinking
- 1 Year manufacturer's warranty

OPTIONAL EXTRAS

- 3M Extension shaft
- 6M Extension shaft
- Drive units
- Hose kits available

CROMMELINS SKID MOUNT WATER CART.

Built to order, Crommelins Water Cart is designed to be easily placed onto a 6x4 or 8x5 trailer or Ute tray. There is three models to choose from and each include a 6.0hp Crommelins Fire Fight Pump as standard.

IDEAL FOR

- Rental and hire
- General purpose watering
- Construction and Civil Works
- Agriculture

STANDARD FEATURES

- Crommelins FF Pump [FF150RP]
- 30m, 3/4" hose on hose reel
- Adjustable spray nozzle
- Recirculation hose with bypass valve back to tank
- 6m Suction hose with valve for filling from dam.
- Hot dipped galvanized steel skid (square tube)
- Base with lifting points
- 1 Year manufacturer's warranty

OPTIONAL EXTRAS

- Twin impeller pumps
- Honda powered
- Yanmar diesel powered
- Forklift pockets
- Customisation to suit customer needs

WARRANTY EXPLAINED

Crommelins Machinery warrants their goods against defects in materials and workmanship under normal use and service.

The Crommelins Machinery warranty does not cover fair wear commensurate with the age of the product, any damage caused by accident, abuse, misuse, neglect or failure to observe proper operating instructions or proper machinery maintenance as described in the instruction manual.

It is the owners responsibility to regularly maintain a product in accordance with the owners manual and only use the equipment for its designed purpose.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

CONSUMER ADVICE

Any claim under these warranties must be made within warranty period from the date of purchase of the product.

To make a claim under the warranty, you must return the product (with proof of purchase) to the closest warranty agent or to the place of purchase.

Where a failure does not amount to a major failure, Crommelins Machinery is entitled to choose between providing you with a repair, replacement or refund. To obtain compensation, you would need to provide documentary evidence of the loss or damage suffered, and documentary evidence that such loss or damage was a reasonably foreseeable consequence of a failure by Crommelins Machinery to comply with a consumer guarantee under the Australian Consumer Law.

CROMMELINS™, CROMTECH™, CROMTECH OUTBACK™, CROMMELINS FINANCE™, DOLPHIN™ is registered trademarks of Crommelins Operations Pty Ltd, trading as The Crommelin Group.

SERVICE AGENTS

There are over 185 national authorised service/repair agents available, visit www.crommelins.com.au for their details and locations. For engine brands other than Robin please contact the manufacturer for service agents.

CROMMELINS PRODUCTS

Crommelins takes pride in all products they sell and they live by their company Mission Statement; "To be the supplier of choice to Hire and Construction Industry by providing high quality portable powered products."
