Enviro Pipes Drain Coil and Filter Sock Datasheet

Enviro Pipes has designed a range of HDPE slotted and un-slotted DN100 and DN80 corrugated pipes for subsurface drainage. Slotted Pipes can be supplied with black polypropylene monofilament woven filter socks fitted.

Products are supplied coiled with one joiner per coil. An overview of the product range is provided below.

PRODUCT DATA TABLE:

PRODUCT CODE	Nominal Diameter (mm)	Length (m)	Stiffness (SN) per AS/NZS 1452.22	Style	Monofilament Polypropylene Filter Sock	Approximate Weight Per Metre (kg/m)	Open Area Per Metre for Slotted Pipe (mm ²)
CPS808RTA100M	80	100	8	Slotted	●	0.32	7128
